Valley Video Professionals  
P.O. Box 6  
Eganville, Ontario K0J 1T0

John and Gerry,

It has been a real pleasure working with you both on this special tenth-anniversary project. You always showed a great combination of professionalism and patience! I am definitely happy with the resulting DVD, which provides an excellent record of the museum's many and varied exhibits – a summary of my crazy retirement work to date.

I would be happy to provide a reference to any future "customers" for your services.

I played the video on our museum's laptop computer on the Sunday afternoon of our Open House weekend May 29-30. There were almost seventy visitors in over that weekend, including about twenty who drove up from Ottawa on the Sunday.

Best wishes for your new careers in video. Keep in touch.

Allan Symons  
Manager and Curator
